JUST FOR YOU

If your practice is like most medical practices, you are ready to be relieved of the hassles of filing claims and dealing with insurance companies. We act as an extension of your office.

Processing claims and getting you paid is what we do best. Why not leave your cash flow and paperwork duties to us?

We provide the medical community with comprehensive insurance billing, claims processing and collections. We handle all interactions with the insurance companies from start to finish for claims and collections.

Our medical claims billing service tracks updates and maintains a comprehensive knowledge-base specific to the health industry. We can improve your business in the following ways:

- Increase your ongoing practice revenues by 15-25 %
- Reduce your administration costs by decreasing billing and collection expenses
- By automating processing and collection, increase time spent in actual medical care
- Recover lost revenue resulting from inefficient filing
- Reduce rejected claims

Our program is designed to:

- Identify Owner Needs
- Develop goals & objectives
- Evaluate Fiscal Operations
- Improve Clinical Performance
- Create a Detailed Action Plan

You benefit from the difference we make

- *You will receive your payments faster - 7 to 21 days on most claims*
- *We handle all the hassles and paperwork*
- *You will realize lower operating expenditures related to your billing and collections*
- *You will have more time to devote to your patients*
- *We have a high efficiency rate approval on the first submission*
